[Baywire Jan - Mar 2017 Edition.pdf](#)

In case you are in need of some good news, you can take a quick break to skim the attached newsletter and view a new PSA (click [HERE](#) or on image below) showcasing the work of the Santa Monica Bay National Estuary Program (CWA Sec. 320). Thanks to the good work of many of our former and current R9 colleagues, there is a locally-based organization (that otherwise wouldn't exist) doing excellent work to restore the aquatic environment and more in SoCal. Not bad for \$600k/year.

NEWS AND UPDATES FROM
THE SANTA MONICA BAY
NATIONAL ESTUARY PROGRAM

The Bay Foundation (TBF) and the Santa Monica Bay Restoration Commission (SMBRC) are partners in the Santa Monica Bay National Estuary Program (SMBNEP), one of 28 entities that comprise the National Estuary Program. TBF is a non-profit environmental group founded in 1990 to restore and enhance the Santa Monica Bay and local coastal waters. The SMBRC is a locally-based, non-regulatory state entity which is charged with overseeing and promoting the SMBNEP's Bay Restoration Plan.
